THE MINISTER OF STATE IN THE MINISTRY OF POWER (DR. S. VENUGOPALACHARI): (a) and (b) Kayamkulam Combined Cycle Power Project to be implemented by National Thermal Power Corporation (NTPC) has been accorded government approval based on funding through external commercial borrowings and internal resources of NTPC. However, in view of the availability of fund under World Bank time slice loan, the matter was pursued with them. World Bank has confirmed availability of fund in May, 1996 subject to a satisfactory solution of the mode of fuel transportation. NTPC has agreed to abide by the advice of the consultant appointed for the purpose. World Bank fund is expected to cover approximately 60% of the approved cost while the balance will be met by NTPC through commercial borrowings and internal resources.

(c) The award recommendations for the main plant turn-key contract for the project have the concurrence of World Bank. The award will be placed by NTPC after revised government approval is accorded to the project based on World Bank funding.

(d) First gas turbine (GT) unit of the project is scheduled to be commissioned within 30 months from the date of revised Government approval with subsequent GT unit(s) at an interval of 2 months each thereafter and the steam turbine (ST) unit in 42 months from the date of the Government approval.

Allocation of Tapti Gas to Pipavav Power Project

459. SHRI RAJUBHAI A. PARMAR: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that Government had made a commitment to allocate Tapti Gas to Pipavav Power Project;

(b) if so, the reasons for non-fulfilment of the commitment; and

(c) by when Government are likely to supply Gas to Papavav Power Project?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI T.R. BAALU): (a) A decision to allocate Tapti gas to the Pipavav Power Project was taken along with the decision to feed Gandhar gas into the HBJ pipeline.

(b) It was subsequently decided to allocate Gandhar gas to two power projects in Gujarat and to take Tapti gas to Hazira to meet existing commitments at Hazira and along the HBJ pipeline.

(c) The gas projected to be available in Gujarat is fully allocated. Supply of gas to Pipavav Power Project can be considered only when the availability of gas improves.
